To encourage more civic involvement through a basic understanding of City services, the HAND Department developed the Citizens' Academy.

The Academy is a nine-week program that provides 30 participants with an interactive learning experience about City services, programs and responsibilities.

Through the sessions with various City Departments, the participants learn about the challenges to city government, budget limitations, day-to-day operations and mandates.

**The 2006 Citizens' Academy applications are now available.** Please feel free to submit an [Online Application](#).
